NEW!

Learning and Teaching in Clinical Contexts A Practical Guide

Publishing in July, 2018!

TARGET MARKET:

- Clinicians and educators responsible for designing and delivering health professional education in clinical workplaces
- Clinicians undertaking continuing education in workplace teaching

KEY FEATURES:

- Demonstrates the integrated nature of three key threads within the field of clinical education: theory, method and context
- Highlights theoretical frameworks: cognitive, psychological, sociocultural, experiential and ethical traditions and how they inform teaching decisions
- Incorporates case studies throughout to provide a context to learning and teaching in clinical education
- Includes practical tips from expert practitioners across different topics
