## NHMRC - Partnership Projects PRC2

### About the Scheme

This funding scheme provides funding and support to create new opportunities for researchers and policy makers to work together to define research questions, undertake research, interpret the findings and implement the findings into policy and practice.

Duration of funding - 5 years  
Level of funding - \$1,500,000

### Key Dates

Applications open - 27 July 2023  
NHMRC-approved Administering Institutions waiver due - 1 November 2023  
Minimum data due - 15 November 2023  
Applications close - 29 November 2023  
Peer review meetings - 19–20 March 2024

---

## MRFF - 2023 Traumatic Brain Injury

### Objectives And Intended Outcomes

The objectives and intended outcomes of the [2023 Traumatic Brain Injury](#) grant are aligned with the following [Australian Medical Research and Innovation Priorities 2022-2024](#):

Consumer-Driven Research  
Digital Health Intelligence

One of the below streams:

Stream 1 - Targeted Call for Research  
Stream 2 - Targeted Call for Research

### Key Dates

Notice of Intent (NOI) registration – Now open  
Minimum Data closes on Sapphire – 1 November 2023  
Draft application due to RIC for strategic review – 15 November 2023  
Final application submitted to NHMRC via Sapphire – 29<sup>th</sup> November 2023

---

## MRFF - 2023 Mental Health Research

### Objectives And Intended Outcomes

The objectives and intended outcomes of the [2023 Mental Health Research](#) grant are aligned with the following [Australian Medical Research and Innovation Priorities 2022-2024](#):

Preventive and Public Health Research  
Primary Care Research  
Health and Medical Researcher Capacity and Capability  
Priority Populations  
Aboriginal and Torres Strait Islander Health.

One of the below streams:

Stream 1 - Targeted Call for Research  
Stream 2 - Incubator

### Key Dates

Notice of Intent (NOI) registration – Now open  
Minimum Data closes on Sapphire – 1 November 2023  
Draft application due to RIC for strategic review – 15 November 2023  
Final application submitted to NHMRC via Sapphire – 29<sup>th</sup> November 2023

## 2023 University of Melbourne Research Infrastructure Showcase

Did you know that the University hosts more than 20 Research Platforms? Do you know how to gain access to these state-of-the-art facilities and expertise? Do you know how to leverage the expertise of platform staff to accelerate your research? Explore with us at the **2023 University of Melbourne Research Infrastructure Showcase!**

**When:** Tuesday 24<sup>th</sup> October 2023 9:45 a.m. – 1:30 p.m.

**Where:** Bio21 Institute. 30 Flemington Road, Parkville VIC 3052

**Who:** The University of Melbourne Researchers (Academics, Post-docs, Research Assistants and Graduate Researchers)

**Why:** Learn about capabilities and services available within each Research Platform, discuss your research needs and explore potential collaboration opportunities.

**Registration:** Registration is required for this free event. Click [here](#) or follow the link to our Eventbrite page - <https://go.unimelb.edu.au/v84s>.

For more information, please visit our event registration page or contact us at [ric-researchinfrastructure@unimelb.edu.au](mailto:ric-researchinfrastructure@unimelb.edu.au).

## Compliance Training Reminder

Remember to complete your core compliance and compulsory training on TrainME. These training modules ensure you are informed about important University policies and processes to maintain a safe work environment for you and your colleagues. Please engage actively with the content and ask questions if anything is unclear. If you have overdue core compliance training modules, you will soon receive an email reminder. Please speak with your supervisor to plan a time to complete the training as soon as possible.
