

DoS Talks

The Department of Surgery Research Committee proudly presents DoSTalks, a monthly webinar series that brings our department together in the virtual space and showcases the exceptional research being conducted across our various sites

A speaker from two different Department of Surgery precincts will be invited to:

- Showcase their groups research
- Discuss their journey in research
- Engage in a Q&A with audience members
- Highlight future directions and collaborative opportunities

The DoSTalks series are held once a month on Tuesdays between 7:00am – 8:00am via zoom

About the Speakers

Dr Paige Hudson

Paige completed her medical training at the University of Melbourne in 2019. She has a passion for academics and looks forward to pursuing this further in her role as Research Fellow for 2025. Her current research focuses on quality of life in patients with colorectal cancer, surgical management of inflammatory bowel disease, perianal disease management, robotics-assisted surgery, and surgical education.

In addition to her research, Paige works as a pre-SET registrar with the Department of General Surgery at Western Heath in Melbourne. She also has a love teaching and mentoring and is the chair for Western's Prevocational Education Committee for Surgery.

Outside of work, Paige enjoys skiing, travelling, and spending time with her family. She is also an avid jigsaw puzzler and participates in competitive puzzle tournaments.

Upcoming Talks

Innovation in research & teaching – how to implement in a hospital environment

Speakers: Prof Justin Yeung & Dr Paige Hudson

Towards a registry for pancreatic cancer surgery in Australia and Aotearoa New Zealand

Speaker: Dr Elizabeth Lockie

Dr Paige Hudson
Research Fellow and General
Surgical Registrar

Professor Justin Yeung

Prof Justin Yeung

Colorectal Surgeon and Head of
Department of Surgery – Western
Precinct

Professor Justin Yeung is the Head of the Department of Surgery and holds the Chair of Surgery, Western Precinct, University of Melbourne. Professor Yeung is also a consultant colorectal surgeon at Western Health.

Justin graduated from Nottingham University in the U.K. and went on to complete his general surgical and colorectal specialist training in Nottingham. He then underwent a pelvic floor fellowship in Sheffield, in the United Kingdom before being awarded a HCA International Foundation Scholarship which allowed him to complete a year's specialist colorectal cancer fellowship at the Peter MacCallum Cancer Centre, Melbourne, Australia.

Justin returned to the U.K. and worked at the University Hospitals of Leicester as a consultant colorectal and pelvic floor surgeon in 2010. He was then awarded the honorary title of Senior Lecturer in 2016 with the University of Leicester.

In 2017, Justin became the Head of the Department of Surgery, University of Melbourne, at Western Health, and since then has developed research interests in Colorectal Surgery in particular in the field of improving cancer outcomes through multidisciplinary collaboration.

Professor Yeung currently leads the Department of Surgery, AI Radiomics group at Western Precinct and is also the Education Committee Chair for the Department of Surgery, University of Melbourne.

Justin is keen to support and promote education and training in the clinical environment, in particular with the development of online educational materials.

Dr Elizabeth Lockie

Lizzie is a General Surgery Registrar and PhD candidate, with a keen interest in using research to improve the journey and outcomes for patients. Her research areas include Hepatobiliary Surgery and Trauma. Outside of work, she can be found enjoying the great outdoor whenever possible.

Dr Elizabeth Lockie
General Surgical Trainee
and PhD Candidate
