

Looking for Maternity Care Providers

We want to speak to **doctors, midwives, nurses, social workers, interpreters, and practice managers** who have provided maternity care to Arabic-speaking, Muslim women of refugee background in Victoria.

What will I be asked to do?

Participate in an interview about your experiences of caring for women of refugee background. Interviews can be conducted in-person, online, or over the phone at a time that is convenient for you. Each interview will take 30-45 minutes to complete.

Want to know more?

To register your interest, scan the QR code. For more information about the project, please contact Aishah Jameel (ajameelahmed@student.unimelb.edu.au).
