A state-wide consultation for the Victorian Department of Health & Human Services

Reproduced with permission from i-stock.com

The Victorian Department of Health and Human Services (DHHS) has asked us to consult with people with expert knowledge about health in OOHC to help inform a new state-wide **OOHC Health Strategy**.

Lots of people have expertise. Young people who have formerly lived in OOHC (foster, kinship or residential care), carers, health professionals, child protection practitioners, parents, researchers, health service planners and managers and people concerned with child rights.

Consultation Workshop - Bendigo

Thursday 5 September 2019

12 – 3.15pm

Bendigo Community Health Services

171 Hargreaves St, Bendigo 3552

Light lunch provided.
